COOPERATIVES COMBAT EFFECTS OF CLIMATE CHANGE

Ever since the devastating Hurricane Matthew struck Haiti in 2016, Lucsius faced his share of challenges. His community in northern Haiti sustained weeks of heavy rains that washed away his vegetable crop and caused his soil to become degraded. The farmer wondered if he would ever harvest a good crop again. Lucsius's circumstances changed when his farming cooperative started receiving support from PWS&D partners. Along with 2,308 farmers in the region, Lucsius participated in workshops where he was taught to use sustainable, organic farming techniques, like using mulch and planting trees, to restore his soil's fertility and grow enough food, despite the effects of climate change. Lucsius has been thrilled with the fruits of these newly discovered agricultural techniques.

Come let's worship God who gives us the Word, comfort, challenge, joy and community.

HYMN 332 O Lord my God / How great Thou art

PRAYER OF ADORATION & CONFESSION (Marie Bedell)

One: Gracious God, you are light in our darkness and love in our loneliness. You shepherd us by still waters, inviting us to new adventures. You guide us along paths of justice and peace. Through the shadows of death, you send your comfort and courage to relieve our tears and fears. We know you are always with us. Here, you call us together as your people and so we offer you our praise. Receive our worship this day in the name of Christ, your Son and our Saviour, and empower us by your Spirit to follow him.

All: Merciful God, we confess that we often turn away from your call. You call us to follow your way of compassion but too often we choose to criticize. You call us to follow your way of peace but too often we remain divided. You call us to trust you but too often our fears and doubts overwhelm us. Forgive us, O

All: God. Strengthen our commitment to follow your ways and help us trust that your love will never let us go. And now we pray together the prayer that our Lord taught us to pray.
